MULTIPLAN WELCOMES LIFECARE HOSPITALS TO THE NEW PHCS SAVILITY™ NETWORK

New York, NY – MultiPlan, Inc., the nation’s oldest and largest independent PPO network, announced today the addition of LifeCare Hospitals to PHCS Savility™, MultiPlan’s new primary PPO product, which was introduced in March, 2009. A pioneer in acute care services for medically complex patients, the LifeCare family of 20 hospitals nationwide was built on the belief that early intervention and an interdisciplinary team approach can maximize recovery potential for medically complex patients.

PHCS Savility extends MultiPlan’s suite of primary PPO network solutions, which include PHCS Network, of which PHCS Healthy Directions is a part. By operating like a single-payer network to healthcare providers, PHCS Savility is able to accelerate reimbursements to hospitals, with payment on most claims within 10 calendar days.

“LifeCare Hospitals’ interdisciplinary approach to treatment has had a positive impact on the lives of thousands of patients,” said Dale White, Executive Vice President of Sales and Account Management at MultiPlan. “We are pleased to welcome LifeCare Hospitals to the PHCS Savility network.”

“We are delighted to expand our relationship with MultiPlan,” said Phil Douglas, LifeCare’s President. “Through our affiliation with the new PHCS Savility network, we are able to aggressively treat catastrophically ill patients while passing along cost savings to their families and employers.”
